

How to use Tap to Pay on iPhone

Accept all types of in-person contactless payments, right on your iPhone – from physical debit and credit cards, to Apple Pay and other digital wallets. No extra terminals or hardware needed.

It's easy, secure and private.

Accept contactless debit and credit cards

1. Open the payment app on your iPhone and enter the purchase amount.
2. Present your iPhone to the customer.
3. Your customer holds their card horizontally at the top of your iPhone, over the contactless symbol.
4. When you see the "done" checkmark, the transaction is complete.

Accept Apple Pay and other digital wallets

1. Open the payment app on your iPhone and enter the purchase amount.
2. Present your iPhone to the customer.
3. Your customer holds their device near the top of your iPhone, near the contactless symbol.
4. When you see the "done" checkmark, the transaction is complete.
